manager for your
listings

Transparent, timely,
and accurate financial
reporting

Payments are directly
deposited into your
bank account via our
secure processing
system

No upfront brokerage
fees, upfront or setup
costs

DEAL STRUCTURE

Occupanci collects a
commission of gross
rental revenue from
reservations we book.

At the end of each month,
Occupanci provides a
detailed financial report
for review.

At the time the report is
issued, funds from
reservations will be
transferred to your
business account.

The parties will discuss
and mutually determine
the duration of the
agreement terms.

We choose to structure our agreements this way so that both parties are aligned and you know we are doing our best to make you as much money as we can on your assets. We get paid more if we make you more.
